Website: www.americanreclamationinc.com

ALERT: Assembly Bill “AB341” Started July 1st 2012

ATTENTION ALL AMERICAN RECLAMATION VALUED CUSTOMERS:

All commercial or multifamily complexes that generate four cubic yards or more of solid waste per week will be required to have a recycling bin provided by American Reclamation. As of July 1st, 2012 all businesses and multifamily complexes are required to separate recyclable materials from their solid waste stream and either self-haul, subscribe to a hauler, and/or allow the pickup of recyclables, so that the separated material is diverted from disposal to recycling, reuse, or composting activities.

Recycling services.

American Reclamation, Inc / South Coast Fibers has developed comprehensive programs for Commercial and Multifamily customers for diversion and recycling services.

Program Characteristics:

We provide commercial recycling programs that incorporate the following elements:

1. Conducting recycling and diversion on-site assessments.
2. Identifying and enlisting participation of key individuals.
3. Implementing an outreach and educational plan.
4. Determining what materials to collect.
5. Designing a collection system.
6. Monitoring progress and providing feedback to program participants.

Steps for a successful Recycling Program:

Call American Reclamation's toll free service line at (888) 999-9330 and give customer services your name, address and contact information. A field representative who will answer your questions and respond to your request for service will contact you.

2. Instructional and educational material about the recycling program will be provided to all participants. All acceptable materials and non-acceptable materials for recycling will be listed.
3. A blue bin will be provided to collect all your recycling

We can offer you a complete Recycling Program that includes:

- ▢ Office paper recycling
- ▢ Corrugated (baled, loose, compacted palletized)
- ▢ All grades of paper
- ▢ Aluminum
- ▢ Copper
- ▢ Brass
- ▢ All ferrous and non-ferrous metals
- ▢ Plastics
- ▢ Wood
- ▢ Glass

Having one company handle your recycling & waste needs will help you to better monitor & reduce your waste. This will also make our reports to the city and State easier to complete & more accurate.

We hope that by working together we can develop cost-effective systems for collection and diversion that will save our customers money while saving the environment.
